Randy,

I apologize for the delay in getting these comments to you. Please find attached EPA's comments/questions on the Preliminary Report on Local Discharge Limits to be incorporated into the draft Comprehensive Headworks Analysis Report. The letter also includes a comment on the Revised IPP Industrial User Inventory.

As indicated in the letter, EPA is extending the deadlines to the draft Comprehensive Headworks Analysis Report and the associated reports to allow the City enough time to incorporate these changes.

Feel free to contact me if you have any questions. Thanks.

Jim
